

Your Dental Benefits Go-To Guide

Using your dental benefits to the fullest is a breeze with Delta Dental of North Carolina.

THE DELTA DENTAL NETWORK

When it comes to pearly whites, everyone wants to save a little green. And Delta Dental makes it easy with our two networks: Delta Dental PPO™ and Delta Dental Premier®.

Delta Dental PPO™ Network

Dentists who belong to the Delta Dental PPO network offer the lowest agreed-upon fees, which translates to the greatest cost savings for you!

Delta Dental Premier® Network

Dentists who belong to the Delta Dental Premier network also agree to discounts—just not as deep. But the network is broader. More than 152,000 dentists across the U.S. are in the Premier network, making it the largest dentist network in the country!¹

Why Visit An In-Network Dentist?

In-network dentists agree to discounted fees for services, which means you save money on most covered dental procedures. **You are not responsible for charges that exceed this agreed-upon fee when a procedure is performed by an in-network dentist.** In other words, an in-network dentist cannot “balance bill” you.

All Delta Dental dentists file claims directly with Delta Dental, so you don’t have to. Delta Dental pays in-network dentists directly, which means **you’re never required to pay the entire bill up front or wait for reimbursements.**

Delta Dental offers two dental networks. Both save you money.
