

DentaQual® ratings help you make the best decision when searching for a dentist.

What is DentaQual®?

DentaQual® is a rating system to score all North Carolina dentists who are participating providers in the Delta Dental of North Carolina networks. It assigns scores on a 5-star scale based on submitted claims data. DentaQual® compares each provider's score to the average score of their peers in the same specialty and geography to generate an overall quality rating. The score is updated monthly.

What Do the DentaQual® Scores Mean?

DentaQual® scores are based on 5 different measures:
